

Appalachian Power Residential Peak Reduction Program Owner Authorization Form

TAKE CHARGE™

Please complete this authorization prior to scheduling your complimentary residential peak reduction installation.

Owner Name:

Property Address 1:

Property Address 2:

City:

State:

ZIP Code:

Telephone 1:

Telephone 2:

Email:

I am the owner or one of the owners of the above-described property ("Property"), and fully authorized to grant this authorization on my behalf and as agent for any co-owner of the Property. Owner and all co-owners of the Property, if any, are collectively referred to as "Owner".

By signing this Authorization, I hereby give Appalachian Power Company and Wheeling Power Company, dba American Electric Power (collectively referred to herein as "APCo"), in accordance with the Residential Peak Reduction Program, permission to:

Install a small device near the outside central air conditioning unit that allows APCo to cycle my air conditioner or heat pump for a limited number of hours during the summer season. Typically, these cycling events will occur when demand on the electrical grid is at its highest.

In consideration of APCo providing at no cost to Owner the switch installation, Owner agrees that, to the extent permitted by law, Owner releases, will indemnify, and will hold APCo harmless from any and all liabilities, costs, expenses (including attorney's fees), claims or obligations arising in connection with this installation and the Residential Peak Reduction Program.

I hereby authorize APCo and its contractor(s) to install the Residential Peak Reduction device at the Property.
