

TAKE CHARGE™

Appliance Rebates

You can save money and energy and protect the environment by purchasing ENERGY STAR® certified appliances. Any Appalachian Power or American Electric Power residential electric* customer residing in West Virginia who purchases a qualifying ENERGY STAR certified appliance between January 1, 2020 and December 31, 2021 is eligible for rebates.

**Homes must have electric heat in order to qualify for rebates on energy efficient home improvements.*

Low-Income Weatherization

The Low-Income Weatherization Program provides weatherization products and services to residential customers in need to help reduce their energy bills and improve their homes' comfort. This program is implemented by West Virginia local weatherization providers, which receive funding from Appalachian Power to help supplement state and federal income-qualified weatherization programs.

ESCORE™

The eScore Program is designed to give you an easy pathway to an energy-efficient home. An eScore Energy Advisor will visit your home to perform an Energy Assessment at no cost to identify and score key areas of your home based on a 1-10 energy efficiency scale. A score of 10 means you've reached maximum efficiency! Plus, your home could qualify for additional rebates to help with major energy efficiency upgrades.

ENERGY STAR® Manufactured Housing

This program offers incentives to manufacturers of ENERGY STAR qualified homes in the Appalachian Power West Virginia service territory. The manufacturers are offered a monetary incentive while the residents of the energy-efficient home will reap the benefits of the energy savings!
